Yes, I spoke with Rupert before I made the call.
I just wanted to close the loop on the series of calls Mr. Saunter made to various EPA people, including me.
He hasn't called back yet, but I'll let you know if / when he does.

Thanks.

I talked to Rupert yesterday. He talked with Craig about the video thing and explained that we released it under FOIA. Didn't sound like that satisfied him, but that's the way it was.

Subject: Saunter Call/Complaint

Trish,
Got a call from Mr. Saunter (sp?) today. He was complaining about his/his wife's presence in the FrackNation film. I now understand that we had to release the film through FOIA, but I did not know that when Mr. Saunter called. I simply told him I would look into it and have someone get back to him. I also now understand that some communication/outreach was discussed/planned in HSCD.

I'm not sure if you received a call from Mr. Saunter or have spoken to him already. If not, can you please call him and explain the issue to him ? **Ex. 6 - Personal Privacy**

Other issue: I also got a call this morning from **Ex. 6 - Personal Privacy** who said he was going to call the National Response Center to report an emergency in Dimock. According to **Ex. 6 - Personal Privacy** fracking had progressed at one of the Dimock homes and the water has since turned black and a "pudding-like or gooey substance" was now in the drinking water. I advised **Ex. 6 - Personal Privacy** that if he indeed did face a true emergency that it be can appropriately reported to the NRC for vetting and response.

Please let me know if you have any questions.

Thanks.

Mike
